3. Objectives and Scope of Activities.

The Committee serves the Department in a solely advisory capacity concerning major economic, social, and legal issues and problems related to international communications and information policy, especially as these issues and problems involve users of information and communication services, providers of such services, technology research and development policies, foreign industrial and regulatory policies, the activities of international organizations with regard to issues relating to communications and information policy, and developing country interests. The objective of the Committee is to bring to the Department a source of expertise, knowledge and insight not available within the Department or elsewhere on these issues and problems. The Committee will not discuss issues that are primarily trade-related.

4. Description of Duties.

The functions of the Committee shall be solely advisory, and any determination or action to be taken that is the subject of any recommendations made by the Committee or any of its members will in all cases be made by appropriate officers of the United States Government.

The duties of the Committee shall include performance of the following functions:

- (b) To provide advice in the formulation of United States communications and information policy, positions and proposals for multilateral and bilateral consultations, and negotiations on communications and information policy issues; and
- (c) In furtherance of the objectives noted in paragraphs (a) and (b), using subcommittees and working groups, to provide information and advice and to carry out special studies and research in particular areas of information and communications policy as may be deemed advisable.

The Committee will consult with other interested parties, agencies and interagency committees and groups of the United States Government and with private groups and individuals, as the Department of State and the Committee decide necessary or desirable.

5. Agency or Official to Whom the Committee Reports.

The Committee shall report to the U.S. Coordinator for International Communications and Information Policy ("the Coordinator"). Such reports may be oral or written.

8. Designated Federal Officer (DFO).

A full-time or permanent part-time employee, appointed by the Coordinator, will serve as the DFO (who will serve as Executive Secretary). An alternate DFO may also be appointed. It is anticipated that there will be a continuing need for the advice offered by this Committee. The Department will periodically review this need.

11. Termination.

In accordance with Public Law 92-463, Section 14(a)(1), the Committee will terminate two years from the date of filing of this charter, unless it is formally determined to be in the public interest to continue it for another two years.

- (a) The size of the Committee shall not be fixed.
- (b) The membership will be representative of private industry, the academic community, labor, the private bar, other professionals involved in the subject matter of the Committee, and the Executive Secretary designated in Paragraph 8 hereof. The members of the Committee will serve in a representative capacity, and the membership will be fairly balanced in terms of the points of view represented. The Coordinator shall serve as an ex-officio member of the Committee.
- (c) The Coordinator shall invite the members to serve for a period of two years or less. Vacancies may be filled as they occur.
